Hares	30-49
Gray Hares	50 & over

## NEW for 2021! The Omineca Outsider Open Happy Faces Races

(pronounced "OOO-FER") . This is a laid back self-timed, socially distanced challenge series where you challenge yourself to improve skiing ability & fitness level over the ski season.

**3 signed routes : 1.8km, 5km or 10km** (maps are available in the wax cabin). Ski a route & submit your time before **February 1**, then ski the same route (using the same technique—skate or classic) before **April 1** and submit your time. Remember the winner is based on your % improvement—not your time vs. other skiers. Below are some other categories to try!

Bonus Categories	Description
OOOFHR Champion	The participant with the greatest overall time improvement no matter which course they complete.
OOOFHR Hat Trick	Time and complete a continuous ski of all three courses: 1.8 km, 5 km, and 10 km (in any order as long as all 3 are completed). Water and refueling stops are permitted, but once you take your skis off your race is over
OOOFHR Doughnut	Time and complete as many non-stop loops of the 1.8 km course. The most non-stop loops takes the prize. Water and refueling stops are permitted if you're going the distance, but once you take your skis off, your race is over.
OOOFHR Grind-a-thon	Complete 50.4 kms which is three OOOFHR hat tricks in one attempt. Water and refueling stops are permitted if you're going the distance, but once you take your skis off your race is over.
OOOFHR Amulet	Find a sword somewhere on the 1.8 and 5 km courses. Let Jay know where you found it to gain a point towards the OOOFHR Challenger title. These lucky charms will be moved every month to ensure that you can keep earning points.
OOOFHR Challenger	The participant with the most entries will be crowned the OOOFHR Challenger. In the event that there is a tie, the one with the greatest improvement will be given the title of the OOOFHR Challenger.
OOOFHR Elevation	Start at the wax cabin and climb to the top of Spud Mountain **wait for grooming report to indicate trail to towers is open. **
OOOFHR Canine	The pooch that completes the most laps of the dog-trails over the season (Jan 1, 2021 to March 1 <sup>st</sup> 2021) will take this category. The dog and their skier must complete the small loop (Taffy's) and the large loop in one outing. No timing is needed for this category, just spending time with your four legged best friend while out on the dog trails and logging your laps.

QUESTIONS? Or Submit your entry: Contact Jay Finstad [jayfin@yahoo.ca](mailto:jayfin@yahoo.ca) or 250-691-1177

**Note:** Trails may or may not be groomed: refer to the grooming report for the most recent updates. To sign up for grooming reports: visit [www.ominecaskiclub.ca](http://www.ominecaskiclub.ca) and fill in your email address at the bottom of the page – where it says 'Sign up for Grooming Reports'.

FAQ: you may put in an entry for the same route using different technique (Ex. 5km skate, 5km classic)

**Enjoy the great skiing!!**
